

Which Was Made for Man.
THIRD PAPER.

paper I will close what I have said on this subject for the week. I ask that the saloons be closed on the Sabbath because of the harm they do to the community. The cost is in so many ways and last, that it is a waste of money to keep them open. I am sure that the community would be better off if the saloons were closed on the Sabbath. The report shows that there were many arrests for drunkenness on the Sabbath, and the saloons were a source of trouble to the community. I am sure that the community would be better off if the saloons were closed on the Sabbath.

A similar showing was made in the city where the saloons were closed. The report shows that there were many arrests for drunkenness on the Sabbath, and the saloons were a source of trouble to the community. I am sure that the community would be better off if the saloons were closed on the Sabbath.

Prospects for a cotton crop in this section are excellent, the light rains being exactly suited to its development. Col. McGaughy and family and our enterprising Mr. J. W. Yantis are on a trip out west.

known. As regards the virtues of our mineral waters, but little need be said, for while many places of like nature have been claiming the attention of the public for the past year or two, those familiar with the merits of at least the superiority of the springs, saying that while its waters are almost universally beneficial, they are injurious to none.

Were it not from the fact that we are in a comparatively new country, it would be surprising that the magnificent water-power about this place is not utilized. Within a stone's throw of the town may be found a site where, with proper appliances, sufficient power may be obtained to run almost any amount of machinery, and building stone in unlimited quantities may be found almost upon the spot. We believe and confidently expect to see these natural advantages turned to account in the near future.

Prospects for a cotton crop in this section are excellent, the light rains being exactly suited to its development.

Col. McGaughy and family and our enterprising Mr. J. W. Yantis are on a trip out west.

JOHNSON COUNTY.
Preparing to Build a New Jail—The Baptists—A Ring Scandal—Local and Personal.

Correspondence of the Gazette
Cleburne, July 22.—The county commissioners will meet to-morrow, and they will probably take some action in regard to erecting a jail in place of the one burned last week.

The Baptist association is still in session, and its workings are very harmonious.

A very unpleasant ring episode, affecting the integrity of a young gentleman who had the confidence of the entire community has arisen. The young gentleman was on the eve of leaving Cleburne, and before he left presented a friend with a beautiful cameo ring. A few days afterwards the happy recipient of the ring was in a jewelry store exhibiting it. The jeweler looked at the ring and then in his show case, and stated emphatically that the ring was his and he had never sold it. The gentleman having the ring refused to give it up until he heard from the one presenting it, and a suit for the ring is threatened. The many friends of the absent gentleman are confident that there is some mistake which he can explain and refuses to believe him guilty of any wrong.

The fellow Carr, who was recently arrested in McKinney for theft, lived in Cleburne for a time. He was very attentive to a respectable young lady of this place, but she could hardly be termed a "belle of Cleburne" as the Dallas Herald stated.

C. C. Allen, of the land department of the Santa Fe, is here working up the sale of lots at Alvarado on August 2nd. Many of our citizens are taking great interest in this sale and will invest largely.

D. C. Stone & Co., grocers, will shortly move into the Merritt building on the north side of the square.

M. J. Bryan, Esq., leaves in the morning for the Louisville exposition. Cleburne house register for to-day: Jules Claudron, Fort Worth; W. B. Henderson, St. Louis; S. A. Conrad, Theo. Holt, New York; V. C. Hart, Galveston; C. B. Epps, New York; Mrs. Bibb, Valley Mills; J. F. McClelland, Florida; Mrs. Meredith, Alvarado; A. C. Allen, Galveston; A. Sterne, Louis Peco, Thos. Roberts, Dallas; B. F. Russell, Hill Creek; R. S. Dukes, Missouri; S. W. Snyder, Galveston; J. B. Poindexter, Alvarado.

BOSQUE COUNTY.

The Campaign Opened on the Court-house Question—The Coming Barbecue—Other Morgan Matters.

Correspondence of the Gazette
Morgan, July 24.—The canvass for the county site removal has begun in earnest. It opened at Kopperl yesterday. Meridian was represented by Messrs Collier and Lumpkin of that place, and Morgan by Messrs Hawkins and Hinnin. We learn from Capt. Hawkins that much interest was manifested by the voters in that town, and he thinks Morgan will receive a large majority there on the day of the election. The same gentlemen are to speak at Kimble to-day.

Mr. Stancil, who has been absent in southeastern Texas for some weeks at the bedside of a sick brother, returned home Saturday. We are sorry to report that his brother died before he left and assure him he has the sympathy of all our people in the loss of him.

Two negro boys had a fight in the rear of the Commercial House the other day and were promptly fined by the mayor.

Our square-dealing justice of the peace has been sick for the past two days.

Several new residences are being erected in different portions of our town. If Morgan's population continues to increase as it is now doing, it can't be many years before she will be a becoming little city, whether she is successful in obtaining the county site or not.

The ball at Kopperl a few nights ago was the cause of several of our young men who attended wearing sleepy faces the next day.

Our barbecue on the 10th of next month promises to be a grand success. All the people of Morgan and surrounding country are coming in liberal with their donations to make it such.

The programme will be one that will attract attention, and cause many people to be in attendance. We will have select speakers for the occasion; a game of base ball will be played by two good teams that will meet here for that purpose. Splendid music will be furnished by the Norse brass band, which, as good as can be found in this portion of the state. Many other attractions too numerous to mention comprise the programme.

John Bright's speech at the Metropolitan Tabernacle has been translated into Spanish, with a view, it is said, to aiding the movement toward the separation of the church and state in Spain.

They Need Not Be.
(Boston Traveler.)

A large number of people will be surprised if, when the democratic caucus meets next December, Samuel J. Randall should be nominated for speaker on the first ballot. We shall not, however, be among the number.

WICHITA COUNTY.

Sales and Shipments of Cattle and Sheep—Personal Notes.

Correspondence of the Gazette
Wichita Falls, July 23.—L. B. Collins shipped to R. Strahorn & Co., of Chicago, from this place and Henrietta fifty-five head of beef cattle during the last week.

S. S. Maddox shipped to Gregory, Cooley & Co., Chicago, from Henrietta twenty-five cars during the week. Craven and Horn'r sold 650 head of sheep to Messrs. Ireland & Brunstetter of Henrietta and will deliver them to-day.

One thousand head of stock cattle passed through town yesterday on their way to the Nation. They were driven from Montague county. Mr. Florence Hall is controlling them.

E. B. Kinzie of Vernon came in town yesterday on his way to Fort Worth.

J. F. Kane of Gainesville visited the Falls this week on business for the Singer Sewing Machine Company. Mr. Kane is manager for this company in this district.

S. B. Burnett came in from the Fort yesterday.

The following names registered at the Harris House: T. W. Brannon, Henrietta; B. Foster, Flatonia; I. Younger, Sherman; Tom Jones, Galveston; J. F. Scott, Texas; Wm. Kennewy, Mexico; D. M. Allen, Hallday; A. D. Goodenough, St. Louis; Wm. Scheuber, Fort Worth; E. A. Glour, Wheeler county; Corn Leucy, Austin; Geo. S. Eaton, Galveston; W. B. Payne, Bryan; J. H. Cunningham, Coffeyville; John W. Gray, Fort Worth; S. V. Anderson, R. E. Powers, Sing Sing, Texas; W. J. Murphy, Sherman; E. B. Kinsey, John T. Stevens, Vernon; C. C. Beck, Fort Worth.

"Prickly Ash Bitters" is an unfailing specific for all complaints arising from a derangement of the functions of the liver. It purifies the blood and infuses new life into the invalid. Pains in the side, general uneasiness, loss of appetite, headache, bilious attacks, etc., are such indications that a corrective is needed. "Prickly Ash Bitters" is especially adapted for these complaints. It arouses a torpid liver to action and restores it to a healthy condition.

El Paso Times: Going from El Paso into Paso del Norte across the Rio Grande and the boundary line between the United States and Mexico, the scenery presents as great a contrast as the physical appearance between the population of the two nationalities. On the American side everything is teeming with a busy, bustling throng of people engaged in all the various industries known in this country, railroads, machinery, manufacturing, merchandising, etc., and while the ancient town has passed centuries without any apparent improvement, except the Mexican Central and other little enterprises pushed by northern genius and capital.

Dublin Enterprise: We learn that on some night last week Mr. W. J. Davies' pasture fence, out in the edge of Comanche county, was literally destroyed by malicious persons, the wires were cut in two at every post, which are eight feet apart, the wires falling on the ground between the posts. The fence was thus destroyed for three-quarters of a mile on both sides of the pasture. Mr. Davies is a citizen of our town and very much liked by the people generally, and no reason can be assigned for thus injuring him, except that it was done by parties who wanted their stock to have the benefit of his pasture lands.

San Antonio Express: The historians of the past point to San Antonio as a mammoth graveyard of martyred heroes to the cause they deemed the true cause of humanity. The historians of the future will point to San Antonio as a still greater graveyard of societies, organizations and public movements for the amelioration of mankind and the commercial prosperity of the city. There are more of such dead than are now in existence, yet new claimants for honorable graves are appearing almost daily. The trouble appears to be too close adherence to the soda water plan—all energy and pop at first, but followed by a too rapid loss of force.

Mrs. Don Cameron has written to friends in Washington, saying that the senator does not expect to return home until the summer of 1885.

PRICKLY ASH BITTERS

The majority of the ills of the human body arise from a derangement of the liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the causes. Irregular and sluggish action of the bowels, indigestion, sickness at the stomach, pains in the back and loins, etc., indicate that the liver is at fault, and that nature requires assistance to enable this organ to perform its functions.

Prickly Ash Bitters are especially compounded for this purpose. They are sold in their original and effective as a cure for all the above mentioned ailments, and are equally effective in curing Dyspepsia, General Debility, Habitual Constipation, Disordered Kidneys, etc., etc. Also Blood Purifier they are superior to any other medicine; cleansing the system thoroughly, and imparting new life and energy to the whole.

It is a medicine and not an intoxicating beverage.

PRICKLY ASH BITTERS

SUFFER

no longer from Dyspepsia, Indigestion, want of Appetite, loss of Strength, lack of Energy, Malaria, Intermittent Fevers, &c.

BROWN'S IRON BITTERS never fails to cure all these diseases.

Posters, November 26, 1881.
Gentlemen:—For years I have been a great sufferer from Dyspepsia, and could get no relief having tried everything which was recommended until, acting on the advice of a friend, who had been benefited by Brown's Iron Bitters, I tried a bottle, with most surprising results. Previous to taking Brown's Iron Bitters, everything I ate or drank was unpalatable. Since taking Brown's Iron Bitters, all my troubles are at an end. Can eat any time without any disagreeable results. I am practically another person.
Mrs. W. J. Fykes,
30 Maverick St., E. Boston.

BROWN'S IRON BITTERS acts like a charm on the digestive organs, removing all dyspeptic symptoms, such as tasting the food, Belching, Heat in the Stomach, Heartburn, etc. The only Iron Preparation that will not blacken the teeth or give headache.
